HOW TO USE PEPPERBURN

ADD

Add 1 packet
to 8-12 OZ. of
cold water

MIX

Shake or
mix well for
10 seconds

DRINK

Enjoy the
Sweet Heat™
experience

WHAT IS PEPPERBURN?

PepperBurn is a first-of-its-kind sweet heat functional drink mix that delivers a sweet flavor followed by satisfying chili pepper heat.

It's more than a beverage. It's an experience. From your first sip, you'll feel the sequence:

Sweet first. Heat next. Rush always.

PepperBurn is formulated to activate the *Neuro Trifecta*: a natural cascade of endorphins, dopamine & serotonin that support mood, motivation, and well-being.

It also helps increase thermogenesis, support a healthy inflammatory response, and provide nootropic benefits for focus and energy.

Each serving is measured in Scoville Heat Units, so you know exactly how much heat you're getting. The question is... **How hot can you take it?**

WHAT ARE SCOVILLE HEAT UNITS?

Scoville Heat Units measure the intensity of chili pepper heat...from a gentle warmth to a fiery kick. The heat comes from capsaicin, a natural compound found in chili peppers that activates your body's heat receptors and ignites the *Neuro Trifecta*.

Mango Jalapeño PepperBurn is calibrated at ~8,000 SHU, delivering a gentle, satisfying kick.

Supplement Facts

Serving Size 1 Packet (6.0g)
Servings Per Container 20

Amount Per Serving		%DV
Calories	15
